'Radio-Active' Cloud Weapons
To Complicate War Strategy

(By Associated Press)
WASHINGTON, May 21.—The deadly potentialities of a "radio-active cloud" weapon are complicating plans for hiding men and machines underground in event of atomic war.

HOLD WOMAN
IN SHOOTING

Taken Into Custody After
Husband, Walter Smith,
Is Wounded At Home

Walter Smith, 34, of 233 S. Ellsworth ave., is in Salem City hospital today suffering from shotgun wounds in the right shoulder, neck, face and arm inflicted by his wife, Gladys, after an argument Tuesday night.

Mrs. Smith, 33, who police took into custody shortly after the shooting at the family home at 11:48 p. m. Tuesday, is being held on an open charge. Police Chief Nerr Gaunt said.

Smith's condition at City hospital is reported as good. He suffered a pellet wound in the right cheek, one in the neck and 26 in the arm and shoulder.

The shooting occurred, according to police reports, after Mrs. Smith had quarreled with her husband on at least two earlier meetings at the home Tuesday.

She told police she had threatened Smith not to return to the house and when he did she shot him with a 12 gauge double-barreled shotgun. He staggered out onto S. Ellsworth ave., where an unidentified pedestrian aided him up the street.

A motorist stopped and took Smith to City hospital.

Chief Gaunt indicated that charges of shooting with intent to kill probably would be filed against the woman. She signed a confession of the shooting, the chief said.

Mrs. Truman Given
Chance To Recover

GRANDVIEW, Mo., May 21.—President Truman's personal physician today gave his 94-year-old mother a chance for recovery, if she maintains her present gradual improvement.

Brig. Gen. Wallace H. Graham said everything depends on Mrs. Martha E. Truman's will to live. The presence of the President at her bedside, he said, has been an important factor in the slight improvement noted in the past 48 hours.

Graham said the elderly patient had a very tired heart and that she was fighting a terrific uphill struggle.

He said that if the present rate of progress can be maintained for another two days the possibility of the President's return to Washington might even be considered.

The big handicap, he said, is the "run-out body" of a woman of 94 with "every cell worn out."

WASHINGTONVILLE
PROJECT IS BEGUN

WASHINGTONVILLE, May 21.—Work on two and one-half mile pipe line for the 100,000-gallon water tank began Monday.

This project will cost \$110,000, of which \$40,000 will be paid from special assessments and the rest from water revenue from consumers.

KIDS: Stay Off the Street!

The picture above is a sermon on safety for every youngster. Two New York City boys, on their way home after playing baseball, walked along Major Deegan Highway. An auto struck them and hurled them 30 feet. In foreground lies 11-year-old Edward Fitzpatrick, head pillowed on his baseball glove. In background, a playmate removes his coat to cover John Kennahan, 10. Both boys were badly injured.

Normal Telephone
Service Restored

Today, for the first time in 44 days, Salem employees of the Ohio Bell Telephone Co. plant were back at work in full force, thereby restoring complete phone service to the Salem district.

With the official ending of the Association of Communication and Equipment Workers strike against the Western Electric Co. Tuesday afternoon, all employees of the local plant returned to work, company officials said.

Five operators returned Tuesday morning here while five business office representatives crossed the picket lines under authorization from ACEW union officials, but the balance of the National Federation of Telephone Workers here waited until the ACEW strike was settled. ACEW pickets were withdrawn at 3 p. m. Tuesday.

During the strike of NFWW workers, settled Sunday, supervisory employees handled emergency and essential duties in the telephone plant.

Today they all breathed a sigh of relief.

First 'Silent' Airplane
Produced By Engineers

LANGLEY FIELD, Va., May 21.—Aeronautical engineers have combined all known noise-silencing devices to produce the first "Silent" airplane.

One of aviation's major developments in recent years is the way 200 experts here for a demonstration yesterday, describe the new ship. Taken up above 300 feet the plane made only slightly more noise than a glider. Its five-bladed propeller, which revolves at a slower speed than the conventional ones but propels the ship at a higher speed, and an engine muffler contribute to its "silence."

Find 60 Dogs Dead

CANTON, May 21.—Dog pound and county health officials were mystified today over the discovery of more than 60 dead dogs in an abandoned strip mine five miles south of here. Dr. Floyd H. Stamp, county health officer, said most of the dogs died in a large pool of water, but said he didn't know how they got there or how they died.

P.T.A. Council Officers
Installed Tuesday Night

President Ray Stockton and other new officers were installed at a meeting of the Salem Parent-Teacher association council Tuesday night in the High school.

Other officers, who were installed by retiring President A. Hansell, include secretary, Mrs. Mary Conley; and treasurer, Mrs. W. C. Ferrell.

The group will meet again Tuesday.

REPORTS PROGRESS
IN HOSPITAL DRIVE

Steady progress was reported today by James H. Wilson, chairman of the campaign to raise the last \$125,000 needed to complete the three-story wing to Salem City hospital now under construction.

Reports up to today showed \$37,500, but Wilson added that a complete checkup had not been made and many reports had not been submitted to him. This leaves a balance of \$87,500 to be raised.

Progress is being made on construction work, despite unfavorable weather. Steel framework has been in place for some time and the brick walls are rising rapidly.

Freshmen Girls Model Own
Garments In Style Show

A style show, concluding with a grand review, was presented by the freshmen sewing classes of Salem High school to their mothers and friends Tuesday afternoon in the school auditorium.

Costumes made and modeled by the girls depicted the proper clothes for teenagers from sports to formal. However, only one girl ventured to make a formal.

Along with sewing, the girls are taught color combinations in their relation to materials, figures and faces, together with other valuable helps in fashioning dresses.

Jane Stout, pianist, gave the musical prelude. Others who had part in the "between acts" program were:

Barbara Rising, Betty Hergeneother, Carole Krepp, Lela Graber, Gayle Mellinger, Rita Pierce, Ruth Winkler and Nancy Stockton.

Refreshments were served by the cooking class, with Mrs. W. L. Strain in charge.

The table was beautifully appointed. Laid with a lace cloth, it was decked with bowls of purple lilacs and lighted by tall white tapers. Girls in the show were: Joanne Bova, Jean and June Brun-

Unemployment Pay
Decline Is Noted

Payment of unemployment benefits in the Salem area decreased 13.2 per cent during April with payments totaling \$12,897.35, according to Arthur S. Johnston, manager of the local office of the Ohio State Employment Service.

The average number of weekly benefit recipients totaled 168 during the month of April. This is a decline from the previous month.

At the same time, Johnston said that referrals by the employment service division of the local office during April resulted in the placements of 111 workers in jobs, compared with 79 in March. At the close of the month there were 423 persons registered for employment at the Salem office, of whom 181 were women.

The Salem office area includes 12 townships in northern Columbiana and southern Mahoning counties. It covers Lisbon, Leetonia, Columbiana, East Palestine, New Waterford and several smaller villages, in addition to Salem.

NEW CROSSING
GATES PLANNED
IN CITY SOON

Council Backs Railroad
Suggestion To Install
Automatic Signals

Automatic short-arm gates are expected to be installed at six grade crossings in Salem in the near future.

The installation was recommended by city council at its meeting last night, following the inspection of similar gates in operation at Canton by council's safety committee.

Council had been approached earlier by officials of the Pennsylvania railroad, who favor the new type of gates over the manually-operated gates which now protect the local crossings.

Council Clerk Paul Myers was instructed to notify the Pennsylvania Railroad Co. of the legislators' desire to have automatic gates installed at the crossings on W. State st., W. Pershing, Wilson, Newgarden, Mill and S. Ellsworth ave.

It was suggested that the gates on S. Lincoln ave., which is beyond the corporation line, also be replaced.

Council's safety committee was pleased with the operation of the automatic gates after they made the inspection trip to Canton. Councilman Harold Asty, Charles Cornwall, Harry Vincent and Ned Massa made the trip.

Under the proposed crossing protection plan, one lower would be retained at Newgarden st. so that the gates still could be controlled from a central point.

To Widen Street
Service Director Frank Wilson was authorized by council last night to proceed with the widening of E. State st., from the Arbaugh store east to Vine st. by removing a seven-foot curb lawn.

The job will cost the city \$1,782, according to the city engineer's estimate.

The councilmen also approved a 200 foot water line extension on S. Madison ave. and received an estimate of \$1,632 from Councilman Fred Blevins on the proposed sanitary sewer installation on Maple st. for 700 feet east of Fair ave.

Army Speeds Last
1,500 GI Brides
To U. S. By Plane

(By Associated Press)
LONDON, May 21.—The United States Army, which already has shipped 46,423 brides and babies of American servicemen from England, is in a haste to transport the last 1,500 before the transportation office in Grosvenor square shuts down June 20.

Congress has voted an extra million dollars so that brides who wish can be transported by air instead of by sea. These last few will have it soft compared to the first planeload in January 1946 who traveled in the ship Argentina.

"We hope to get as many as possible dealt with while we are still here," said Capt. M. W. Brooks of Rochester, N. Y., who has been responsible for brides who have crossed the Atlantic in the last five months. "We don't know yet how many will apply to fly-but I imagine that there will be quite a lot of them."

Last year the brides left by the thousands from Tidworth in ships not completely converted from their wartime GI austerity.

Now in two's and three's, they may, if they wish, fly by commercial plane.

Tells of Russian Air
Activities Over Alaska

WASHINGTON, May 21.—Rep. Lawrence H. Smith (R-Wis.) told the house today that Russia "has its eyes on Alaska" and "if we are not careful a Pearl Harbor is a possibility" there.

He called on military experts to "map out a plan of defense for Alaska."

Moreover, the Wisconsin member said the communists are preparing to take over the Canal zone "at the proper time."

There is ample evidence, he said, "of increased Russian air activity over Alaska, and that's not just for fun." He added: "We can stop Communism in the western hemisphere by acting courageously now. Time is truly of the essence. Let it not be said of this congress that it has been derelict in its duty."

Council Opens
Condemnation
Proceedings

City council Tuesday night took initial steps, through court condemnation proceedings, to acquire its new city hall site at the southwest corner of S. Broadway and E. Pershing st.

Because the three property owners involved had turned down offers of the city to purchase the homes, council, on a roll call vote, instructed the city solicitor to prepare a resolution declaring the intent of the city to appropriate the properties for use as a city hall site.

This resolution, which will be prepared for council's passage at the next meeting, will include descriptions of the properties involved. An ordinance to appropriate the properties also will be up for adoption, after which formal application will be made through the court to assess damages.

Properties involved are those of Mrs. Frank Webber, 201 S. Broadway, Norman Paxson, 221 S. Broadway, and Dr. Robert H. McKelvey, 231 S. Broadway.

Offers Disclosed
A special council committee had offered \$16,000 for the Webber property, \$8,000 to Paxson and \$14,000 to Dr. McKelvey.

It was indicated last night that the property owners could still change their minds about accepting the city's offer before the condemnation proceedings had reached common pleas court.

Councilman Harry Vincent, chairman of the special city hall committee, pointed out that the owners of the three homes failed to accept the city's offer as a May 10 deadline passed.

He and other members of council expressed displeasure against further negotiations with the property owners and recommended legal action to speed up plans for erecting a new municipal building which Salem voters approved at the general election in November, 1946.

The present city hall site is to be abandoned.

Councilmen Fred Blevins, Charles Cornwall and Ned Massa were among those who called for action on acquiring the new site and Blevins pointed out that the law-makers also should take steps toward the sale of the bonds for the new building.

Delay Decision On Alley
Much-discussed plans for vacating an alley between the Town Hall Diner and the Lyle Printing Co. building on E. State st. appeared headed for final action at council's next meeting after President Fred Koenech referred the problem to the streets committee and the solicitor for a recommendation June 3. The councilmen were unable to reach a decision last night.

The city planning commission, in a letter forwarded to council, recommended closing the alley to vehicular traffic, but retaining a five-foot passageway for fire protection.

Fire Chief Vincent Malloy, preferring not to become involved in the dispute, said he didn't care whether the alley was closed. "If there's a fire back of the buildings we'll get over it; through the buildings or over them."

Councilman Carl Abe and Ned Massa favored retaining the five-foot passage as a safety precaution.

"It's not our responsibility to decide," answered Solicitor Henry Reese when queried by Councilman Abe, "to whom does the land go when it is vacated?"

And Reese added, "the general practice is for the abutting properties to absorb it. All we can do is vacate it for public usage."

Vincent declared he was in favor of closing the alley to vehicular traffic.

Defensive Tactics

The labor legislation being hammered out in Congress is incidental to something that has been hammered out in public opinion.

The bills passed by the House and Senate and now being patched together in conference are an effect, not a cause. They represent an attempt by topheavy congressional majorities to bring public law abreast of public opinion.

The "imbalance" which Senator Taft says he hopes to correct by revision of labor laws already has been corrected in large measure by a new atmosphere of administration of the existing laws. Those who have argued that the existing laws were not as bad as they were made to seem by unreasonable interpretations always have been at least half right. It is evident now that if no revision at all is accomplished this year, a sweeping improvement still will have been brought about by the changed attitude of the people, their administrative agencies and the courts.

The leaders of the unions recognize this; they are on the defensive. They have realized belatedly that the public is as alarmed over the excesses of big unionism as it used to be over the excesses of big business.

The irony of their efforts to stem the reform tide is the way they find themselves fighting in some instances against proposals for the benefit of their own rank and file. Many unionists are on the side of the majorities in Congress. They find it as hard to understand the logic of their leaders' blind resistance to reform as they have found it, on occasion, to understand the logic of their leaders' blind insistence on doing things to make reform inevitable.

If President Truman can be bulldozed into vetoing a labor-reform bill on the promise that only by so doing can he win union labor's support in his run for the presidency in 1948, he will be asking for one of the rudest surprises of his career in the White House.

The Sound Of Things To Come

Science is doing wonderful things with the ultrasonic whistle and the supersonic moan. Seattle has a \$2,000 peanut whistle which people can't hear but which drives birds crazy. It keeps starlings and pigeons out of the downtown area. Also available at a much more moderate cost is a whistle with which an owner may call his dog, although its sound is inaudible to human beings.

On a more ambitious scale, science is using high frequency vibrations to disseminate fog, speed up chemical reactions, settle the dust in mines and granaries, and mow reeds in the New Jersey tidal meadows—all on an experimental scale, so far. Overseas, England, short of soap, finds that a sound wave shot through a basin of soaking shirts, knocks the dirt right out of them.

Most of these high-frequency waves have a strange effect on human beings. They cannot hear them, yet they become vaguely uncomfortable without being able to explain why. Some of the more powerful waves can produce a state approaching catatony.

The day may be near when we have the ultrasonic laundry (a sound outfit to do business with) and the supersonic lease-breaker, guaranteed to rout the most recalcitrant tenants.

Dr. Tobin's Diagnosis

Daniel J. Tobin, born in Ireland in 1875, is president of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers, a major power in the A. F. L. and a political associate of the late Franklin D. Roosevelt. Beyond these capacities, Mr. Tobin also is editor of the International Teamster, a monthly in which he states his views on questions of the day, diagnosing the nation's ills and prescribing for them.

In the current issue of The Teamster, Dr. Tobin concludes that private enterprise in the United States may not live until the end of this year. The only hope he sees is restoration of wartime price controls. Unless this is done, he warns, the jig is up. "The coming cyclone will leave little behind it," he declares, "perhaps not even Congress."

Frequently, citizens of this country are heard to wonder what causes union leadership to act thus and say so—what motivates some of their policies which seem to be in direct conflict with public welfare. A man who thinks private enterprise will die unless the government restores wartime controls, who thinks this may happen in 1947 and sees even Congress being blown away in a big wind is likely to be an enigma to his fellow Americans in more ways than one.

Unclaimed Benefits

Approximately \$2,751,000,000 worth of veterans' benefits will be unclaimed at the end of this year, it is estimated. This has sharp implications for lawmakers considering additional benefits.

Hundreds of thousands of American men who fought in World War II aren't interested in benefits. They exist separately from those whose benefits are unclaimed because of neglect, error and ignorance.

It is recalled that during the war and immediately afterward it was assumed all veterans would need financial help and ask for it. The assumption should have been broadened to include veterans who wouldn't need help, wouldn't ask for it and wouldn't resent not getting it. Estimates of 2,500,000 former enlisted men failing to file applications for terminal leave pay and that many more not using educational and training benefits for which they were eligible suggest there may be more young Americans looking realistically at a public policy of indiscriminate veterans' benefits than most politicians would like to admit.

The Stars Say

For Thursday, May 22
BY GENEVIEVE KEMBLE

A day of splendid promise and exceptional adventures in the realm of heart and home, with forecast of progress, thrills and much gratification and happiness, even overflowing into business and all manner of practical plans is seen.

But an excitable impulse to excess, exaggeration or overdoing in any such relationships might beget a sudden and devastating set of circumstances, difficult to restore to felicitous and profitable channels. Bad judgement and erratic impulses may undermine the highest hopes and wishes.

For the Birthday

Those whose birthday it is may anticipate a period of unusual activity and dramatic episodes in the realm of heart and home affairs, with much stirring of a gratifying, enjoyable and romantic pattern. Sudden change of plans and objectives may concern more personal relations, adversely, unless restraint and good judgement be exercised.

Heart, home and affectional interests should be jealously safeguarded, while not neglecting practical objectives. Work for financial future expansion and progress.

A child born on this day may have excellent, constructive and practical talents and ingenuity, although keen and susceptible to the finer demands of home and family.

GUARDING YOUR HEALTH

America's Hay Fever Refugees

BY HERMAN N. BUNDESEN, M.D.

AMERICA has its refugees, too—the thousands of hay fever victims who annually pull up stakes and leave their homes for the duration of the hay fever season.

Unfortunately, there are thousands of others who are unable to afford time or money for this seasonal jaunt to pollen-free areas. These stay-at-homes must sneeze and bear the assaults of ragweed pollen—the substance which causes most of their trouble—as best they can.

Hay Fever Injections

A good many of them, to be sure, can be made less sensitive through the injection of gradually increasing doses of pollen extract. But such treatment, to do any good, must be given well in advance of the ragweed season and even then it does not always work.

For such people there is good news indeed in a recent report of Drs. Milford E. Barnes and Roland Rogers of Iowa City, who tell us how for very little trouble and expense, they can convert their own homes into pollen-free shelters.

Sensitive to Pollen

The patient for whom the doctors devised this method, though extremely sensitive to ragweed pollen, was enabled to live at home in comfort and without medication of any kind throughout the hay fever season in a locality where the pollen count was exceptionally high.

This patient lived in a six-room house. The control program was adopted as a family project to protect both the patient and her baby. Incidentally the patient's father was also sensitive to ragweed pollen, and had for years been treated for this sensitivity.

Complete Housecleaning

To begin with, a complete housecleaning was carried out before the beginning of the ragweed season to get rid of any pollen which might

have accumulated in the house, in the corners, on the carpets, or elsewhere. Storm windows were installed. These storm windows do not increase the indoor temperature and aid to a great extent in keeping pollen from drifting into the house.

All the doors and windows were kept closed except when the occupants had occasion to enter or leave the house through one of the doors. In two of the bedroom windows what are known as pollen filters were installed. These permitted air to enter the house but strained out all of the pollen.

Household Pets

Flowers and household pets were barred from the house. The members of the household were free to come and go as they pleased but the allergic members were instructed to wear a gauze face mask while outside of the home whenever it was possible to do so.

The entire cost of the installations was about \$150. By this

method, the house was kept virtually free of pollen and the patient was practically free of symptoms throughout the hay fever season. By the judicious use of face masks while outside the house, the patient was able to leave the house whenever he desired to do so. At times she discarded her face mask for short periods, but soon found that this did not pay.

If Symptoms Developed

If the patient developed symptoms of hay fever when she went out of doors, these would disappear within 30 minutes upon her return to her home. The baby showed no evidence of sensitization at any time, though taken outdoors every day, and the father spent the most comfortable season in years.

For persons who do not find it possible to go where pollen from ragweed is not present, this method

Seven Charter Members Attend Quota Club Anniversary Party

Seven charter members were among 115 members and guests at the Salem Quota club's 22nd anniversary dinner party Tuesday evening in the Presbyterian church social hall.

They included Mrs. C. R. Votaw, Misses Ruth Ellen and Zillah Stamp, Lillie Curtis, Clara Finney, Pearl Butz and Mrs. Edith Harris Rhodes. Names of the charter members are:

Martha Wire, first president; Ella Beeson, Myra Gibbs, first secretary; Nellie Cowan, Clara E. Flick, Louise Goshen, Mrs. Iva Hoopes Coppock, Eva Simpson, Mary M. Oesch, Mrs. Myrtle Windle Heston, Mrs. Carrie Stiffler Mellinger, Agnes Wilson, Lois O'Connell, Blanche Kyle, Ruth A. Beach, Helen M. Cosgrove, Mrs. Lucille L. Bard, Elizabeth Miller, Lenore E. Starr and Eva Patton.

Marie Higgins of Youngstown, second vice president of Quota International, and Mrs. Margaret Roler of Alliance, sixth district governor, were special guests.

Elks Auxiliary Party Draws 170

A springtime motif featuring maypoles decked the tables when the Elks lodge auxiliary entertained Alliance auxiliary members Tuesday evening at the home.

Dinner was served to approximately 170. There were 90 guests.

Mrs. William Ross, Mrs. Howard Dodge, Mrs. Lester Kille, Mrs. Earl Shasteen, Jr., and Miss Betty Ward composed the committee which served, with Mrs. N. W. Kelley in charge. Mrs. Lester Ramsay assisted.

Entertainment included magic by William F. Ross, and tap and ballet selections offered by Misses Barbara Rose, Dana Rice and Jean Eckert, pupils of Mrs. Bettie Lee Lewis.

Miss Ward contributed a skit entitled, "The Genius."

The degree team drill was in charge of Mrs. C. L. Dickey. During the drill Mrs. Steve S. Odoran sang, "The Old Rugged Cross."

Daughters of Union Vets Arrange Activities

Plans were discussed for the annual department convention June 8-11 in Columbus when members of Mary Ellet tent, Daughters of Union Veterans, met Tuesday evening in G. A. R. hall.

An invitation was received from Betsy Ross tent, Canton, to its 40th anniversary party Friday, June 27.

The members will join other patriotic orders Thursday evening, May 29, at the hall to make bouquets to be placed on veterans graves Memorial day.

Members also will attend the 10:30 a. m. Sunday service at the Christian church with other patriotic orders.

Mrs. Mayne Robinson and Mrs. Cecil Baxter entertained with humorous readings.

In observance of its 23rd anniversary, the tent will have a coverdish dinner Tuesday evening, June 3, at the hall.

Mary Carr Curtis Officers Installed

In an impressive flower presentation ceremony Monday, the retiring officers of the Mary Carr Curtis society gave the following officers:

President, Mrs. David Kirby; vice president, Mrs. Paul R. Miller; secretary, Miss Eleanor Bates; treasurer, Mrs. Gladys Waltonbaugh.

The meeting was held at the home of Mrs. Glenn Whinnery on Jennings ave., with 18 members and guests present.

Miss Hazel Linn, Red Cross executive secretary, guest speaker, told of her work in the military and civilian fields.

Mrs. Albert Kent was in charge of the business session after which lunch was served by the hostesses assisted by Mrs. Waltonbaugh.

A chop suey dinner will be held June 9.

Betty Quinn's Engagement Is Announced

Announcement of the engagement of their daughter, Betty, to Andrew W. Vegh, Jr., son of Mr. and Mrs. Andrew Vegh of Canton, was made by Mr. and Mrs. Joseph Quinn of E. Pershing st., at a dinner Sunday at their home.

Miss Quinn has chosen Saturday, June 28, for her wedding date.

Others were representatives of the Cleveland, Akron, Canton, Alliance and Youngstown clubs and some of the Salem civic clubs.

Mrs. Laura Conrad, president gave the welcome, and introduced the toastmistress, Mrs. Rinie Wark.

Dinner music was provided by a trio composed of Mrs. M. P. Livingston, violinist; Mrs. Carl Beecher, cellist, and Mrs. Robert Hammell, pianist.

Mrs. G. E. Byers highlighted the program with a book review, "A Long Way From Boston" (Osha).

Mrs. Beecher played two cello solos, "Spanish Song" (Spitalny) and "The Swan" (Saint-Saens).

A profusion of spring flowers and potted plants used through the room, lent beauty to the scene.

Tables were charmingly appointed with vari-colored flowers and lighted by tall white tapers. Favors were miniature vases filled with spring blossoms.

Organized by the Alliance club in February, 1925, the Salem club received its charter May 21, 1925.

Miss Wire worked with Mrs. Heacock of Alliance in its organization.

While the club's special service is loaning money, without interest, to young people seeking a higher education, through the years it has been active in civic affairs.

This party was arranged by the May and program committees.

Margaret Carnes Bride Of Oland Baker Sunday

At 3 p. m. Sunday in St. Jacob's Reformed church, Margaret Carnes, daughter of Mr. and Mrs. Charles Carnes and Oland Baker, son of Mr. and Mrs. Perry T. Baker of Lisbon, were united in marriage.

Rev. Carl Bornum, of Louisville, former pastor, officiated at the double ring ceremony, assisted by Rev. E. B. Fager.

Mrs. Frank Carnes, sister-in-law of the bride, was matron of honor and Leland Baker, twin brother of the groom, was best man.

The bride was lovely in her street length dress of pink with white accessories. She carried a white Bible topped with a white orchid. Mrs. Carnes wore an aqua dress with white accessories and carried pink roses.

A reception for relatives and friends was held in the church parlors.

Mrs. Baker is a graduate of Leontonia High school and is employed in the office of the Leontonia Tool Co. Mr. Baker, a graduate of Lisbon High school is engaged in farming.

After a short wedding trip, Mr. and Mrs. Baker will reside in the newly furnished home near the home of the groom's parents.

Hayride Is Planned By Laurelletes

A hayride June 6 was planned by the Laurelletes club when the members met Tuesday evening at the home of Jane Coffey, R. D. 2, Salem. After the ride there will be a wiener roast.

Dancing was a diversion and refreshments were served by Miss Coffey and Viola Fido.

The next meeting will be at the home of Barbara Young, E. Fourth st.

Farr Class Social Enjoyed Tuesday

Thirteen members of the Farr class of the Christian church enjoyed a social meeting Tuesday evening at the home of Mrs. Harry Vincent, S. Union ave.

Lunch was served by Mrs. Vincent and her associate hostesses, Mrs. Arthur Coy and Mrs. Alta Knoedler. Favors were May baskets.

On June 17 the members will meet with Mrs. John Stewart, Teegarden rd.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

Railroads To Move Bumper Wheat Crop

CHICAGO, May 21 — Railroads which soon will start to move the first billion bushels of wheat reported in the nation's history supply situation that their bumper crop situation was improved over last year. However, they agreed that transporting such an enormous amount of grain will present a "tough problem."

Within the next 10 days harvesting of this fabulous crop—believed to be the largest any nation ever produced—will start in Texas.

Harvesting will progress northward through Oklahoma, Kansas and Nebraska, and when it is over around mid-July a whopping store of wheat will have been added to the food supply of a world desperately in need of bread.

State Solon Runs Afoul Of Police In Columbus

COLUMBUS, May 21 — A state legislator, arrested twice on a single charge of drunkenness, forfeited a \$10 bond today in Columbus police court by failing to appear.

Rep. Roy S. McMahon (R-Cleveland) was arrested last Wednesday after what Patrolmen John Taylor and Irvin Hicks reported as a disturbance in a downtown bar.

Inspector Thomas A. Scully voided the drunkenness slip later the same day after a urinalysis test showed an alcoholic count of 20. Scully said persons are held on drunk charges only if tests show 25 or more.

But, said Scully, arresting officers insisted on pressing the charges and a warrant for a second arrest was issued. McMahon, the inspector said, voluntarily appeared at the police station yesterday to post bond.

Taylor and Hicks, who insisted on pressing the charges, quoted McMahon as telling them:

"You can't arrest me I'm immune because I'm in the legislature."

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the tips of your hands, your fingernails, your lips, the lobes of your ears—are they pale and off color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get bulky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

For More Than 17 Years We Have Been Doing What The Govt. and Big Business are Advocating Today, And that is --- SELLING ON A LOW MARK-UP.

Today, they say, it's a National Economic Measure that, by pricing all goods lower . . . new demands will be created . . . more people can buy . . . thus keeping more people employed making and distributing the goods you buy.

The merchandise manager of one of New York's largest stores says . . . "We can't use the old mark-up any more. If we stick to traditional mark-ups, we'll price ourselves out of the market."

Said the president of one of the country's largest department stores . . . "We believe that a national policy of lower prices is absolutely necessary if our present high standard of living is to be maintained."

17 years ago it was Not a National Economic Measure, but an Idea Planned and "Worked Out" by This Store --- to make LOWER PRICES POSSIBLE.

Of course it meant leaving Main Street with its high rent and congested parking conditions. It meant finding a new location, and the building of a large new showroom, where, by having everything under one roof, (warehouse, workrooms, etc.) the expense of handling and display could be cut to a minimum. This was accomplished in a little more than a year's time.

Soon, people from throughout this entire section of the country learned that at COPE FURNITURE prices were not only decidedly lower, but that both Quality and Style was better. Our policy of remaining open evenings for customer convenience met with instant approval. Parking worries were eliminated and "shopping in leisure," through large bright display floors became a reality.

Our business grew, and . . . no wonder. It seemed almost like Utopia . . . a large beautiful display of attractive Quality Furniture . . . at NOTICEABLY LOWER PRICES. Our trading area expanded to the place where we are now serving many homes within a radius of more than 50 miles of Alliance. Serving them . . . and due to our LOW MARK-UP POLICY . . . SAVING THEM MONEY.

Today, our average MARK-UP, storewide, is approximately 10% LOWER than at any time in our history.

OPEN EVERY EVENING

THE COPE FURNITURE CO.

Recreation, Golden Eagle And Diner Remain Unbeaten

Schaeffer, Zines Pitch One, Two Hitters Tuesday Night

Tight pitching featured American league softball games Tuesday night, while in the National the batters took the limelight.

The loop-leading Diner nine won their third straight tilt, this time over Hunters by a 5-1 count, on Mutt Schaeffer's one hit twirling job. The Amvets made the victory column with a win over the Jaycees, who dropped their third game 5-1.

In the National the Recreation club thumped White Cottage 7-4, as the Golden Eagle won a protested game from Mullins 7-6.

Charlie Franks and Dick Lantz paced the Diner attack with two hits apiece, supporting Schaeffer's air-tight pitching.

A home run by pitcher Clarence Harstough in the fifth, spoiled Johnny Zines' shut out over the Jaycees. He allowed only two hits, Mike Oana, after being slightly injured by a foul tip, came back to smash a home run for the Amvets.

Home runs by "Peanuts" Debnar and "Corny" Sabotka paced the Recreation in their conquest of the White Cottage. A late Cottage rally fell short. "Phiz" Phillips notched three hits in three trips to lead the hitting for the Rec. He held the losers to six hits.

Bill Ritchie held Mullins to five base hits, while his mates collected nine. Andy Parionteri clubbed three hits for the Golden Eagle, with Morrison chipping in with two. It was the second win for the Eagles.

Miss Mary Hole of Akron visited her sister, Miss Gretchen Hole, over Sunday.

Strike of Akron School Teachers Averted Today

AKRON, May 21.—Mayor Charles E. Shusser's citizens' committee was successful today in averting a strike of Akron's 1,300 public school teachers.

At a mass meeting last night, members of the Akron Education association voted 825 to 76 to accept a compromise salary adjustment in some 50 Rubber City schools.

The new agreement, made possible after executive of local rubber com-

panies and other industries agreed to pay taxes in advance to finance the program, calls for a \$150 adjustment for the present semester, plus an additional \$100 boost next fall.

AEA members threatened to walk out last week in support of demands for a \$350 annual raise after voters defeated a proposed 3.85-levy to provide salary advances. The levy will appear again on the ballot in November.

Communicable Disease Report For April Shown

LISBON, May 21.—The monthly report of the County Health department shows a decline in communicable diseases in April, with only five cases of scarlet fever, 17 cases of whooping cough and four cases of venereal disease reported.

The department also recorded 25 deaths and 18 births in the county health area in April, with male babies exceeding girls 10 to eight. Nurses of the department made 24 tuberculosis nursing visits, and 29 school visits in which 488 children were found to have defects, including faulty vision, nose and throat, glandular and skin defects, and in need of dental care and orthopedic treatment.

Sixteen nursing visits were made to crippled children and one new case was admitted to the records, the report shows.

WINONA

There were 35 in the group when the local W.C.T.U. held a white ribbon recruit and Mother's service at the Methodist church Friday afternoon. Betty Cooper sang a solo. Rev. Lydia Brantingham gave a talk on "Mother's Responsibilities" and the joy and reward received; Barbara Brandt, Lois Flint, and Betty Shepard—a song, accompanied by Mrs. Sherman Brantingham.

There were 10 small children receiving a white ribbon in the Recruit service with Mrs. Donald Mayhew in charge.

Mrs. Amanda Cope, Salem, was the oldest W.C.T.U. member present. Her age is 95.

The program was followed by a tea with Mrs. Arthur Oliphant and Mrs. Reber Heacock serving.

Mr. and Mrs. Edward Jenkins were surprised at their home Wednesday evening by a group of 10 of their friends from Youngstown. It was Mr. Jenkins' birthday.

Mr. and Mrs. Carl Kaufeld of Put-In-Bay were recent weekend guests of Mrs. Sina Megrall.

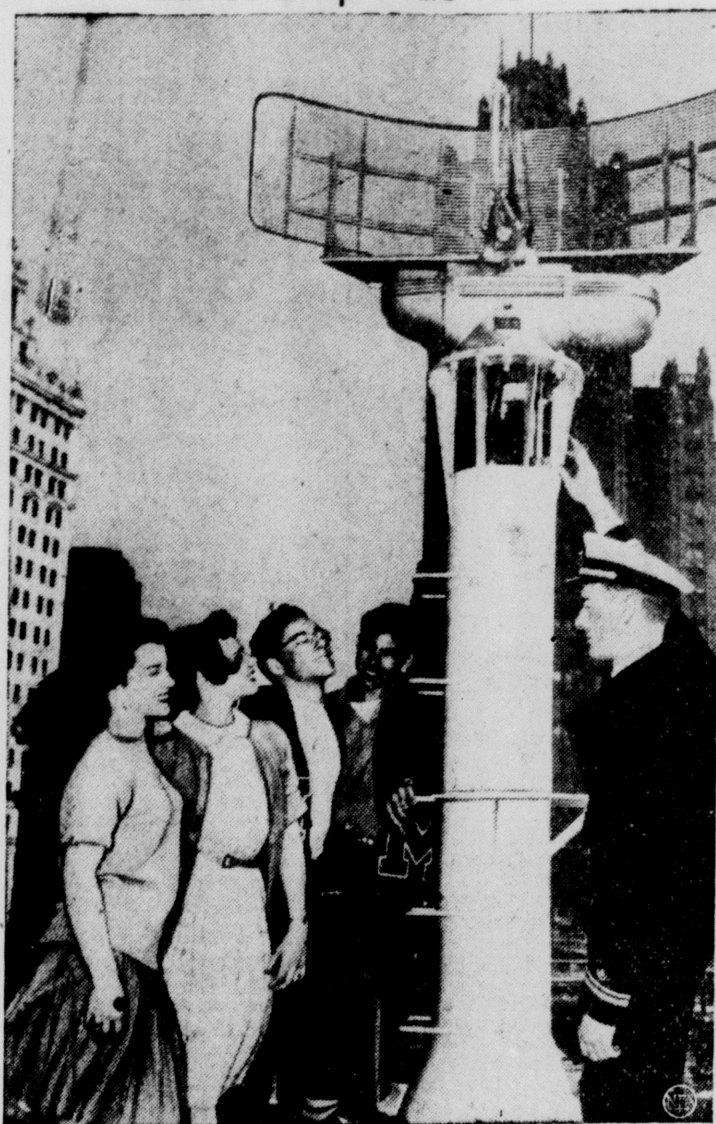

A recent guest of Mr. and Mrs. William White was Mrs. White's mother, Mrs. C. E. Porter of Pittsburgh, Pa.

Mrs. Oliver Sidwell left Sunday to spend some time with her daughter and husband, Mr. and Mrs. Bob S. Early at Wilmington. Mr. and Mrs. Early are the parents of a daughter, born May 15, named Carol Ann. Mrs. Early was formerly Miss Bertha Sidwell.

The teacher and pupils of the local schools and their families and friends will enjoy a picnic dinner at the brick school house Friday. The committee in charge includes: Mr. and Mrs. George Walton; Mrs. Robert Stamp and Mrs. Harold Lloyd. On Monday the pupils will enjoy a park day at Youngstown and on Tuesday they will return to school.

Thursday evening Mr. and Mrs. Albert Althouse entertained at dinner honoring Mrs. Edward Menning's birthday. Other guests were Edward Menning, R. D. 2, Salem, Mr. and Mrs. Arlan Fultz of the Lisbon road.

Lakes Ship Has Radar

Julius Breit, radio officer, explains mysteries of new radar antenna on the ship North American, one of the first Great Lakes passenger ships to install such equipment. Listeners are high school pupils from Milford, Ill., embarking on a spring "Youth Cruise"—Barbara Crawford, Helen Johnson, Richard Barker, Dale Keen.

LORAIN, May 21.—Valentine Doran, when struck by a truck in downtown, 3, was injured fatally yesterday.

Owner of \$70,000 Estate Held For Shop-Lifting

CLEVELAND, May 21.—A 51-year-old West Salem, Wayne county, O. widow, who said she owned a \$70,000 estate, was fined \$200 by a municipal court judge today on her plea of guilty to shoplifting \$50 worth of merchandise from a department store.

Judge Louis Petrash suspended a 30-day sentence for the woman, Mrs. Eva Dieveleis, and ordered her placed on probation for three months.

Asked why a person with \$70,000 worth of property should steal, Mrs. Dieveleis, attractive and dignified in appearance, lowered her head and answered:

"I don't know your honor. I just don't know."

ALL CLEAR on your telephone!

Our Sincere Thanks, Ohio Bell Customers,
for your patience and understanding

The strike of the employees of the Ohio Bell Telephone Company has ended and operations have been organized so that full telephone service may be restored promptly.

We regret that the public was inconvenienced and are most appreciative of its understanding and co-operation. This co-operation holding calls to those of an urgent nature made it possible for us to give a service, which assured the safety and welfare of the communities we serve.

We felt during the strike that we were obligated to tell the public of the issues involved and of the efforts we were making to get our people back to work under conditions which would be fair to the public as well as to the employees. To do this we

used newspaper advertising extensively to present the situation is as straightforward and understandable manner as we knew how.

All through the negotiations we considered the obligation which we have to our customers, as they pay the rates which provide the money to pay wages and the expenses of operations. Cost of giving telephone service has been rising steadily during recent years with no increase in rates. The present settlement will add further to the cost of furnishing service as it will mean \$3,500,000 more annually to the payroll costs alone.

Now we are all back on the job again—and we will do our best, as always, to bring you the finest telephone service in the world—at the lowest possible cost.

We express our deepest appreciation to those employees who, without regard to their personal comfort and at great inconvenience, remained on the job that the public might be given service essential to its safety and welfare.
